*Chairman Dick Armey*

**Advancing freedom through citizen action.** FreedomWorks is the result of a merger between Citizens for a Sound Economy (CSE) and Empower America. Combining more than 30 years of operational experience, FreedomWorks seeks to identify, educate, and mobilize citizens who are passionate about showing up to support free enterprise and limited government.

**Ideas don't change the world, people do.** FreedomWorks and our affiliate FreedomWorks Foundation believe that battles for freedom cannot be won solely in think tank conference centers or on the pages of a policy paper. Citizens themselves must be active and educated participants in preserving our liberties. Our mission is to provide volunteer citizen-activists with the education and organization needed to make their voices heard in today's public policy battles.

**Experienced leadership.** FreedomWorks and FreedomWorks Foundation are led by former House Majority Leader Dick Armey, one of the authors of the Contract with America. President and CEO Matt Kibbe brings over twenty years of leadership experience to the institution. We have also recently added former presidential candidate Steve Forbes to our Board of Directors. Together, these leaders are an unbeatable team dedicated to lower taxes, less government, and more freedom.

**State and national assets.** FreedomWorks and FreedomWorks Foundation are based in Washington, D.C., with more than 830,000 members and supporters across the nation. Our members are organizing and participating in national, state, and local campaigns throughout the country. The Washington, D.C. office serves as a grassroots service center, providing the training, information and materials our members need to make their voices heard in policy debates.
