

CSE’s “SCRAP THE CODE” PETITION TO PRESIDENT GEORGE W. BUSH

Because the nation’s tax code is fundamentally unfair, complicated, discourages entrepreneurship, and stifles the economic vitality of our nation, we hereby sign this petition calling for fundamental tax reform. We, the below signers, want the current tax system scrapped and replaced with one that’s:

- *simple, low, fair, and honest;*
- *applies a single, low rate to all Americans;*
- *provides tax relief for working Americans;*
- *requires a supermajority of both chambers of Congress to raise taxes;*
- *protects the rights of taxpayers and reduces tax collection abuses;*
- *eliminates bias against savings and investment, and;*
- *promotes economic growth and job creation..*
